Resource List

These resources are suggestions only. The examination is not specifically based on this list. Although foreign texts/references are a valuable resource and can be useful, the examination is based on Canadian standards. To obtain any of the resources, contact the professional association or company that publishes them, not the CDECB office. ISBN, websites, and other information is provided to assist you in locating the appropriate document. Review our Website from time to time for up-dates in Appendix B.
