

## Part-Time Virtual Registered Dietitian Job (with CDE)

Subcontract | Ontario | Approx. 10–20+ hours/week

### About NutriProCan

NutriProCan is a dietitian-led, Canadian private practice built to empower dietitians to do meaningful, evidence-based work without sacrificing flexibility or support. Our model combines strong clinical autonomy with proven systems, collaborative team culture, and established referral pathways.

If you are a Registered Dietitian who loves diabetes care, behaviour change counselling, and working with complex chronic disease, but wants flexibility and support, this role is for you.

### The Opportunity

We are seeking a **part-time subcontract Registered Dietitian with a Certified Diabetes Educator (CDE) designation** to join our growing virtual care team. This role is ideal for a clinician who enjoys working with adults managing diabetes, insulin resistance, cardiometabolic disease, and weight concerns, and who values autonomy within a supportive interdisciplinary environment.

NutriProCan offers thorough initial and ongoing **education and training**, as well as both clinical and practice support.

This is a **virtual subcontract position**, with flexibility to grow hours over time based on availability and client demand.

### Key Responsibilities

- Provide **one-on-one virtual nutrition counselling** to adults, with a primary focus on:
  - Type 1 and Type 2 diabetes
  - Prediabetes and insulin resistance
  - Weight management and cardiometabolic health
  - Chronic disease management
  - Additional areas of practice as needed, include weight loss, digestive health, and more
- Deliver care using the **Nutrition Care Process** (assessment, intervention, monitoring, evaluation) within scope of practice

- Apply **behaviour change counselling and motivational interviewing** to support sustainable outcomes
- Communicate and collaborate with **primary care providers, nurse practitioners, and specialists** as appropriate
- Complete **timely, thorough charting and documentation** in accordance with PHIPA and professional standards
- Participate in **team meetings, case discussions, and continuing education**
- Support practice growth through excellent client experience and retention, with marketing and administrative support from NutriProCan
- Optional opportunities (based on interest and capacity):
  - Group programs or education sessions
  - Resource development or writing
  - Professional presentations or community education

---

## Qualifications & Skills

- Strong clinical foundation in **diabetes education and chronic disease management**
- Excellent counselling, communication, and rapport-building skills
- Ability to work independently while collaborating within a team
- Strong time management and organizational skills
- Comfort with virtual care platforms and electronic documentation
- Experience working with diverse populations and food cultures is an asset

---

## Required Credentials

- Registered Dietitian in good standing with the **College of Dietitians of Ontario**. Other provincial registration an asset.
- **Certified Diabetes Educator (CDE)** designation (required)
- Completion of an accredited dietetic internship program
- Valid professional liability insurance
- Understanding of and adherence to **PHIPA, AODA, and CASL**
- Clear criminal and vulnerable sector check
- At least 1 year experience in one-on-one counselling
- Fluent in English

## Subcontractor Requirements

- Personal computer, phone, and reliable high-speed internet
- Professional home office suitable for confidential virtual counselling
- Not currently working in private practice, or willingness to transfer practice to NutriProCan

---

## Why Join NutriProCan?

- Flexible, part-time virtual work
- Established referral streams and administrative support
- Collaborative, dietitian-led team culture
- Opportunities to expand scope, programs, or hours over time
- Strong alignment with evidence-based, client-centred care

---

## How to Apply

Interested candidates are invited to submit their resume and a brief cover letter outlining their experience in diabetes care and interest in private practice.
