Information sur l'entreprise

Hôpital Montfort is Ontario's Francophone Academic Hospital, offering exemplary person-centred care. The hospital serves over 1.2 million people in Eastern Ontario, in both official languages. In 2018, it earned Accreditation with Exemplary Standing from Accreditation Canada, and was designated Best Practices Spotlight Organization by the Registered Nurses' Association of Ontario. With its main partners, the University of Ottawa and La Cité college, as well as other post-secondary programs, Montfort is preparing the next generation of Francophone healthcare professionals. Since 2015, it has joined the ranks of Canada's top 40 research hospitals through the activities of the Institut du Savoir Montfort, its knowledge institute. As part of its 2016-2021 strategy, Montfort is striving to become your hospital of reference for outstanding services, designed with you and for you. In 2019, it was named one of the world's top 1000 hospitals. Our daily actions are guided by compassion, respect, mutual support, excellence and accountability.

Summary of responsibilities

As a registered nurse, you will oversee the delivery of professional nursing care to a patient or group of patients in accordance with evidence-based nursing practice. You will ensure a therapeutic and professional relationship by working with the patient, loved ones and members of the interprofessional team to plan, implement and assess the patient's care while respecting his or her needs, values and beliefs.

What Montfort offers its nursing staff

Autonomy, leadership, professional growth, skill maintenance, empowerment and interprofessional collaboration are the cornerstones of nursing at Montfort.

Professional development and continuous training

Our nursing staff also contributes to the advancement of knowledge with the goal of improving the quality of patient care and services through teaching and research, which are core aspects of our university mission. Nurses also benefit from many of the advantages associated with continuous training, professional development and the upgrading of clinical and teaching skills.

Profile and experience

- Valid Certificate of Competence from the College of Nurses of Ontario
- Valid certificate in cardiopulmonary resuscitation (CPR), basic rescuer level (C)
- Certification from the Canadian Diabetes Educators Certification Board (CDECB)

Candidates selected agree to follow the necessary orientations in the profile's sectors.

Candidates will be considered on the basis of the above-mentioned profile and experience in the following order:

- First: candidates with two (2) years of experience in diabetes or chronic disease management
 - Second: candidate with one (1) year of experience in diabetes or chronic disease management
-

Skills

- Ability to work in a team
- Ability to analyze and summarize
- Autonomy
- Rigour and attention to detail
- Ability to manage communications
- Ability to work with IT tools
- Intermediate level spoken and written French and English

Employment Equity

Montfort is committed to employment equity and invites applications from women, Indigenous people, people with disabilities and visible minorities.

If you require accommodation during the assessment period, please notify us by email at rh@montfort.on.ca as soon as possible. We will review your request and implement appropriate measures to facilitate your full participation in the selection process. Montfort reviews accommodation requests on a case-by-case basis and reserves the right to request supporting documents.
